

2021 VANDAL RESISTANT INTERCOM SPEAKER STATION

w/INTEGRAL CALL-IN SWITCH

The Tech Works **2021** is a two gang correctional grade Passive Intercom Speaker Station designed for very demanding environments. The Speaker Station employs a computer designed speaker/microphone and acoustic coupler that delivers superior speech intelligibility. The speaker/microphone is moisture resistant and employs three steel barriers to protect it from tampering and vandalism. The integral "Call-In" switch is hermetically sealed and utilizes a limited travel actuator to protect from excessive force or moisture. The 12-gauge stainless steel faceplate and tamperproof mounting hardware makes the **2021** almost indestructible. A 25 Volt 1 Watt speaker is provided for high sensitivity listening and proper matching for multiple units on a single call point.

Design Information

Speaker 25Volt 1 Watt
Dimensions - 4.75" W, 4.75" H, 2.125" D
Standard 2-Gang Electrical Box Mounting
Wiring is Three Twisted Pair Cable

BENEFITS

- Superior Sound Quality
- Rugged / Durable Construction
- Easy to Install
- Hard to Remove

Associated Equipment

2528 Audio Intercom Substation w/Remote Digital Control (Wall Mount)

Architects' and Engineers' Specifications

The Passive Intercom Speaker Station shall be a two gang moisture resistant design employing three steel barriers and a 12 gauge stainless steel faceplate with special mounting hardware to protect it from tampering and vandalism. The integral "Call-In" switch shall be hermetically sealed and utilize a limited travel actuator to protect it from excessive force or moisture. A 25-Volt transformer shall be included to allow the proper matching and level adjustment from .25 to 1 watts.

The Voice Communication System Intercom Speaker Station shall be Tech Works Model 2021.
